Full School Review

Firstly this fortnight I would like to share how proud I am of our school staff, parents and students. During week four, we undertook a Full School Review. It was an honour to be part of the process and share the amazing work which we are undertaking within our school. We received outstanding results and a clear message to continue and embed the practices at our school into the future. Lee Gerchow one of the reviewers from the school improvement team praised the culture that promotes learning at our school. He commented that this value was clearly visible throughout our impeccable grounds, gardens and SWPBS signage. Thank you to all who received a call from the auditors during the two days and for your honest feedback about our school. The next process will now be to form a committee comprising of parents and staff to enact on the audit findings and embed them over the next four years. It’s imperative that the school community will become the custodians of the schools direction for the next four years and that everyone is actively involved.

NAPLAN

Congratulations to all students in Yr 3 & 5 who completed three days of literacy and numeracy assessment last week. I am proud of your application to the tasks and I am sure that every child applied themselves to the best of their ability. I would like to thank Mrs Payne and Mrs Adams for their supervision and smooth delivery of the testing. Well Done! A massive thanks to David from Morris Camp for the kind donation of fruit platters and a juice for the students each day. NAPLAN results will be made available to parents later in the year.

Thank you to our tireless volunteers

A massive thank you to Sharon Anson who assisted every day in the library last week. She volunteered every day all day to assist Miss Shelly with the huge task to conduct at stock take and cull old books in our library. Sharon and Shelly have achieved an enormous result in the week and have successfully achieved their goal to reorganise and tidy out some old books. We will shortly be selling pre loved library books at Ready Steady Read for $1, also Miss Shelly is investigating volunteer organisations to send our pre loved books overseas to the less fortunate. Thanks to Shane Watts from Coal field services for assisting with his Backhoe to remove a dangerous dead tree beside the P/1 classroom and an overhanging branch from our front garden. We are very grateful.

Last Friday on assembly we acknowledged the P&C for their hard work and dedication in our school. We are truly blessed to have such a hardworking and passionate committee. Thank you for your tireless work in our school.
